

WILL QUESTION WORLEY AND 3 OTHERS ABOUT \$10,000 WILL

In an opinion handed down Saturday, the Adams County court gave its approval for attorneys representing six churches to go ahead with plans to interrogate Assemblyman Francis Worley, Attorney T. Frederick Feldman and George H. and Florence M. Anderson on their knowledge of the will of Charles A. Erb, late of Latimore Twp.

Worley is the executor and heir listed in a will in the Erb estate filed with the county court. Feldman is Worley's attorney and allegedly the writer of Erb's will. The Andersons are the witnesses to the will.

The six churches which appealed the action of the register and recorder in admitting the will to probate are Emmanuel Evangelical and Reformed Church, Hampton; Mt. Olivet Evangelical and Reformed Church, Latimore Twp.; St. John's Evangelical Lutheran Church, Hampton; Lower Bernadine Evangelical Lutheran Church, Latimore Twp.; Victory Evangelical United Brethren Church, South Middleton Twp.; Cumberland County, and Upper Cone-wago Church of the Brethren, Reading Twp.

CHURCHES POST BONDS
Three of the churches posted \$500 as security in bringing their appeal from the admission of the will for probate.

No detailed complaint was filed by the churches in the case pending questioning of the executor, attorney and witnesses. It was understood from attorneys for the churches that there had been another will drawn by Erb at one time which left his estate generally to the churches. The amount in question in the present appeal is about \$10,000, attorneys said. Under the will entered for probate, the amount goes to Worley.

The opinion of the court Saturday was on a "motion for protective order" filed by Worley. (Continued On Page 3)

GBPA RECEIVES \$3,000 GIFTS TO SAVE FIELD

Donations totaling more than \$3,000 were received at a meeting of the directors of the Gettysburg Battlefield Preservation Association Sunday afternoon at the Hotel Gettysburg.

President John Coughlin presented checks for \$2,100 representing a donation through Ralph Newman of Chicago from a foundation which in turn was presented with a compass from the Confederate ship Alabama sent here by the Confederate War Command of England, which is serving as the English branch of the Battlefield Preservation Association.

Also presented was a donation of \$1,000 from James Gerrity Jr., of Gerrity Broadcasting Company, Flint, Mich.

A check for \$104 was presented by Robert Hofsmommer from the 9th Massachusetts Artillery Association representing \$1 for each of the enlisted men who fought at Gettysburg with that battery.

President Coughlin reported on a general drive in Ohio to secure funds there which he said is "just getting under way." Receipts so far were reported as \$190. The drive is being made through banks and other organizations and individuals in Ohio.

A report was presented on efforts to secure a study in American education publications urging schools throughout the U.S. to take part in the drive.

With approximately \$13,000 on hand, the association found itself unable at the moment to meet a commitment toward purchase of the former Meals farm property and named a committee to meet with the owners to see if a \$10,000 payment could be made and the rest paid later as donations arrive.

FREAK MISHAP TAKES LIFE OF FLOYD MORROW

Floyd J. Morrow, 43, Cash-town, was fatally injured at 7:30 o'clock this morning when the fork of a front-end fork-lift truck struck the side of his head in a freak accident at the former Sauter Canning Factory, along the Wenksville Rd. in Menallen Twp. The plant is now operated by the C. H. Musselman Co., Biglerville.

Morrow and three other men, Curvin Joseph Wagner, 34, Gettysburg R. 6; Henry F. Yingling, 44, 230 S. Washington St., and Ernest Lehman, 61, Bendersville, were engaged in placing a load on the lift when it was found that the fork would not go lower than 16 inches from the floor. "VERY UNUSUAL"

It was decided to raise the fork and then lower it again with the hope that the malfunction would cease and the fork could lift the pallet load prepared by the men.

When Wagner, operating the lift, raised it, the fork continued to the top and out of its shaft, falling forward with the right fork striking the left side of Morrow's head.

Dr. C. G. Crist, Adams County coroner, who with state police investigated the accident, said the death was caused instantaneously by a compound fracture of the skull.

State police said the accident was "very unusual" in that it had not been known before that the fork could come over the top of the frame. A machine expert was being called in by the company to determine how it was possible for the fork to rise to that height.

Funeral arrangements, in charge of the Peters Funeral Home, will be announced Tuesday.

The deceased was born in Perry County. Among his survivors are a son, Donald, Gettysburg; a daughter, Mrs. Edward Dillon, Mechanicsburg, and one grandson.

COLLEGE GRAD DIES IN CRASH

Charles S. Patti Sr., 23, a 1960 graduate of Gettysburg College teaching school at Upper Eden, N. Y., and his 14-month-old son, Samuel, were fatally injured Thursday when their car plunged down an embankment along the Philadelphia-Scranton Turnpike Extension, four miles south of the Wilkes-Barre interchange.

His wife, Ruth, 23, who suffered head injuries and multiple cuts, was in fair condition at the Wilkes-Barre General Hospital following the accident.

Patti and the boy suffered fractured skulls, the father being pronounced dead on arrival at the hospital. The child died there at 3:20 p.m. The accident occurred at 1:30 p.m.

State Trooper Joseph Brozena said Patti was driving south when he apparently dozed at the wheel. His car veered to the right, crashed over a guard rail and dropped more than 100 feet down a rock-covered embankment. Mr. and Mrs. Patti and their child were thrown from the car. They were taken to the hospital in two turnpike ambulances.

A physical education major at college here, Patti played football on the college team. He and Mrs. Patti resided in an apartment in town here during Mr. Patti's student days.

Apples For Governor

Governor David L. Lawrence was presented with a box of delicious Adams County apples at the first annual Apple Harvest Holiday at the South Mountain Fairgrounds, near Arendtsville, Saturday afternoon. Harry McDannell (left), president of the Fruitgrowers Association of Adams County, made the presentation. (Ramer photo)

Gov. Lawrence Calls Adams "Real Prosperous County" In Talk At Fairgrounds

Governor David Lawrence, speaking during a downpour at the South Mountain Fairgrounds Saturday afternoon, promised "next year we'll try to bring better weather along" to the annual Apple Harvest Festival of the county's fruitgrowers.

Accompanied by Mrs. Lawrence and Richard Wenner, deputy secretary of agriculture, the governor seemed to enjoy his visit to the fairgrounds and afterward to packing houses in the county.

He commented on the contradictory emotions of the growers—disappointment that the weather drastically cut the expected attendance at the Harvest festival while appreciating the badly needed rain.

Noting he was pleased with reports that Adams County has one of its largest apple crops this year while tourist visitation is also expected to set new records, the governor said: "Both have a great deal to do with the economy of this area of Pennsylvania, because when you prosper you patronize people in other lines of business and thus help the economy generally."

"We have been having difficulty in Harrisburg trying to get jobs for 500,000 people. When people are not employed government is required to take care of them and the more people we can get off the relief rolls and the other ways we support then the better off the economy and the taxpayer will be."

"The state is seeking to increase the tourist industry all over the state because today people have more time on their hands. We are fast going to the five-day week, and with it people will be able to travel more, and when they can visit places like Gettysburg it means a big uplift for such places. So we are trying to let people know of the many historical shrines in Pennsylvania, not only in Gettysburg but over the length and breadth of the state."

GIVEN BASKET OF APPLES
"I don't think there is a state in the Union that surpasses Pennsylvania in the number of historical spots worth visiting."

"We feel that by promoting the tourist business we are going to help overcome the black eye we've gotten in the coal industry. It is down and people there are suffering very much and until such time as we can bring new industry in there we are going to have to carry a lot of those people on the relief rolls."

"I'm very happy you have a good year in apples and tourists. Adams, I believe, is one of the real prosperous counties in the Commonwealth."

Gov. Lawrence was introduced to the fruitgrowers and visitors gathered in the fairgrounds pavilion by Harry McDannell, president of the county fruitgrowers association, who presented the governor with a basket of Adams County apples.

OFFICIAL GREETERS
He and his party ate apple pancakes, apple ice cream and sausage and sent back for second helpings. Then they watched Robert Kime making apple butter by the old-fashioned open pot boiling method—a project that eventually was washed out by the rain.

They visited the auditorium to watch Mrs. Vera Yancey, of Baltimore, accompanied by her mother, Mrs. Nellie McGinnis, of Baltimore, give a presentation on the "Life of Johnny Appleseed." (Continued On Page 2)

The women and children were taken to a Miami hotel. The 21 men aboard were detained by immigration authorities for questioning. P. S. Willmore, chief immigration official in Key West, and Sir Robert Stapledon, governor of the British Bahamas, issued brief statements.

MIGRANT GETS 6 MONTHS ON GUN CHARGE IN MURDER CASE

Morris Smith, 41, Gardners R. 1 migrant worker, who was cleared of a murder charge by the grand jury October 2 was sentenced to from six to 12 months in the Allegheny County Workhouse Saturday on a charge of carrying a pistol without a license.

The murder charge was brought against Smith September 23 shortly after his brother-in-law, James Davis Collins, also a migrant worker at the Gardners R. 1 camp, died at the Carlisle Hospital from wounds received when shot by Smith.

Witnesses, according to state police, told a story that indicated Smith fired in self-defense when Collins came at him with a shotgun in the basement of the labor camp building. To solve the question the district attorney and police presented all of the witnesses in the case to the grand jury. In a hearing that lasted from 10 a.m. to 2 p.m., the grand jury heard all of the witnesses and finding that the shooting was in self-defense returned "not a true bill" on the indictment against Smith.

SHORT CUT SAVED MONEY

State police said they chose to in effect turn the grand jury into a petit jury because "we had witnesses both ways and we didn't know." By giving the entire case to the grand jury, officers said, "we saved the county the cost of a petit jury trial."

Judge W. C. Sheely Saturday imposing sentence on Smith said: "While the facts in the shooting indicate you shot in self-defense, your pistol did play a part in the original argument. We understood you have been carrying that pistol and what happened in the situation is just what could be expected."

The court ordered Smith's .38 calibre Smith and Weston pistol confiscated.

4 DRIVERS SENTENCED

James Ray Henry, 317 York St., was sentenced to 30 days in jail and ordered to pay \$100 to the county on a charge of driving while under the influence. He was told by the court that it had planned to give him a longer sentence but, when his wife told the court that Henry is "a wonderful husband" and that he will be needed around the house shortly when the new baby arrives, the court decided to cut down the jail sentence.

Two other men were sentenced to 30 days each in jail and each was ordered to pay fines of \$100 and costs on charges of driving while under the influence. They were Norman V. Yingling, 55 E. Railroad St., and Clair M. Shultz, Gardners R. 1.

Clair D. Shultz, Biglerville R. 2, was sentenced to three months in the Allegheny County Workhouse on a charge of driving during suspension. He was given a similar sentence on a similar charge to run concurrently. The court noted that Shultz was picked up on the one charge shortly after the court had granted his appeal for postponement of sentence on the other charge.

"IN MORTAL FEAR"

John Robert Taylor, Hanover, posted a \$500 bond to keep the peace and paid the costs after pleading guilty to a charge of surety of the peace. He told the court he planned to leave the area and bring a suit for divorce against his bride of three weeks. Taylor had been charged with robbery, larceny and operating a motor vehicle without the owner's consent by his wife — in addition to the surety of the peace charge. Friday afternoon she dropped all but the surety of the peace charge. Taylor told the court that he came (Continued On Page 3)

ANNIVERSARY IS OBSERVED AT PARADISE

Several thousand were present Sunday afternoon at a solemn pontifical mass of thanksgiving at Paradise School, near Abbotstown, in observance of the 50th anniversary of the school.

The M. Rev. George L. Leech, bishop of Harrisburg, who offered the mass, expressed his appreciation to the people of the area for their devotion to the school and said it is "a monument to the living faith and charity of the priests and people of the Diocese of Harrisburg." Rev. Fr. William P. Bridy, director of Catholic Charities for the Diocese of Harrisburg, gave the sermon at the mass on the text "Suffer the Little Children to Come Unto Me."

Giving a history of the school, Father Bridy recalled that on the 25th anniversary of the school the then bishop had termed "Paradise" a tangible token of the love of Jesus Christ on the part of the people.

STARTED IN 1911

The school started as "Paradise Protectors and Agricultural School" in 1911. On September 1, 1911, 10 boys in the Diocese of Harrisburg who had been at the Father Baker's Home in Lackawanna, N. Y., became its first students. Bishop John W. Shanahan, third bishop of the Harrisburg Diocese, had planned the school, according to its charter, as an institution to "care for and educate orphan and destitute boys as 'Christian gentlemen.'"

Agricultural in character, the school also offered education in academic and commercial fields as well as in other fields to encourage self reliance.

The Xaverian Brothers operated the school until August, 1915, when the Sisters of St. Joseph from Chestnut Hill were called to staff the school which they have done since. First chaplain at the school was Rev. Fr. William A. Howard, who also served as pastor of Immaculate Heart of Mary Church, Abbotstown. Up to 1931 the Capuchin Fathers served as chaplain. Since then the post of chaplain and superintendent have been filled by the diocesan priests.

MANY TAKE PART

Among chaplains - superintendents since 1911 have been Rev. Fr. William A. Boyle, Rev. Fr. Robert D. Hartnett, Rt. Rev. William J. Burke, Rev. William C. Cavanaugh, Rev. Chester T. Loszewski, Rev. Francis L. Mignot, and Rev. Louis S. Dougherty and the present superintendent, Rev. Joseph F. Braubitz. Mother St. Louis is supervisor of the Sisters at the school. Over the last 50 years 85 Sisters have served on the staff.

An elementary school is conducted at the institution. The high school students attend Delone.

Officers of the Mass in addition to the celebrant included the Rt. Rev. Msgr. Patrick F. McGee, assistant priest; Rt. Revs. William J. Burke and Charles J. Tighe, deacons of honor; Rev. Joseph Braubitz, deacon; Rev. Louis S. Dougherty, subdeacon; Revs. James F. LaCroce and George W. Rost, masters of ceremonies.

False Alarm For Rescue Squad Here

Gettysburg firemen conducted a search for a three-year-old boy Saturday afternoon only to fail to discover the boy and to find that their message was garbled in transit.

The call began when a young girl called a Gettysburg man at his employment in a store here, saying she was six years old and he was to send help quick, her three-year-old brother fell in a toilet "at 228 Hanover St."

The engine house was called and in the excitement the message became that a three-year-old from 228 Hanover St. had fallen in the Tiber. The firemen were summoned and searched along the Tiber. Some went to 228 Hanover St. to get more details. They found no 228 Hanover St.; they found no one in the Tiber, and about that time the original caller phoned back to straighten out the message.

The firemen waited for a further call. When no calls came, they went home.

ON "TASK FORCE"

Assemblyman Francis Worley has been notified of his appointment to a "task force on agricultural laws" being formed by the Joint State Government Commission for studies and recommendations to be made to the 1963 Legislature. This is one of 20 areas in which the commission will be making studies in preparation for the 1963 session. Worley was notified of his appointment by Chairman Harris T. Breth.

Promise Control On Air Pollution

A trip to Harrisburg recently by Asper residents with Assemblyman Francis Worley to lodge a complaint with state officials about air pollution by the Summit Mining Company plant, near Aspers, has brought a promise from a company official that dust control equipment will be installed there by next spring.

A state Department of Health official made an inspection of the

plant last week and was promised by company president, Thomas McManus, that the new equipment will be installed by next March, according to a letter received by Mr. Worley and forwarded to his Aspers constituents.

Prices already have been secured on various types of dust control devices, McManus told the state inspector, and contracts for their installation await only a decision on the type of control to be installed.

"THINGS I THINK OF"

Ofttimes as I pen my verses . . . I wonder if they reach . . . the weary and perplexed hearts . . . who tread life's rocky beach . . . for all around me I can feel . . . the heavy weights of life . . . everywhere I chance to turn . . . I encounter strife . . . hate still seems to flourish . . . truth is at a loss . . . and the fields of brotherhood . . . are gathering moss . . . what, then, of my ramblings . . . are they wasted time . . . I sincerely hope not . . . my heart is in each rhyme . . . I write of love and faith and hope . . . who gains, who feels the lighter . . . from sweet words of tenderness . . . designed to make skies brighter . . . these are the things I think of . . . when the lights are low . . . dear God, give me the will to write . . . the righteous things I know.

ately in need of help." I notified the Coast Guard," Moody said.

The Coast Guard boat and a destroyer, already en route, were told to wait offshore Saturday night. The pickup was made the next morning. Moody flew to the island—130 miles southeast of Miami—Sunday.

He said he got this story from his caretaker: A boat 40 to 50 feet long flying the Cuban flag and with "Joe Louis" painted on the stern had been fishing in the area two or three days. It was anchored 1,000 feet from the island Saturday morning when a vessel which appeared to be a refugee boat picked up other refugees from a leaking boat and went into an inlet. The refugee boat anchored, and the occupants went ashore.

FISHERMEN OPEN FIRE

"At 3 p.m. the boat that appeared to have been fishing pulled up anchor and advised Sears that it was returning to Cuba," Moody related. "But instead it went into the inlet and opened fire with rifles on the refugee boat. The crew returned the fire with a couple of rifles and then jumped overboard and waded and swam to shore. The Cuban boat turned its fire on the refugees waiting on the beach and kept it up for 10 or 15 minutes. Finally it left."

No one was injured. The group comprised 21 men, 6 women and 18 children.

Lingg car and \$400 to the McIntyre vehicle. Arlene Lingg suffered a contusion of the nose. Mary P. Lingg, 20, Emmitsburg, a passenger in her car, suffered a laceration of the forehead. Both were treated by their family physician. State police brought a charge of driving too fast for conditions against Arlene Lingg and Justice of the Peace John Whitman will send her a ten-day notice.

MORE SKIDDING

A one-car accident occurred Saturday afternoon at 2 o'clock six miles south of here. State Police said John Edward Flowers, 16, 401 W. Main St., Emmitsburg, was driving south, braked, skidded, lost control and his car turned over on its left side. Damage to the auto was estimated at \$500. No one was injured. Flowers was charged with driving "too fast for conditions" before Justice Whitman and will be sent a ten-day notice.

The fourth crash occurred at 2:50 o'clock Saturday afternoon seven miles south.

State police said Robert W. Lamberson, 72, Washington, D. C., driving north, came over the crest of a hill, saw a slow moving tow truck ahead, applied his brakes and skidded to the left. Robert John Ray, 22, Alexandria, Va., coming over the crest of the same hill, saw the tow truck ahead, saw the Lamberson auto skidding, jammed on his brakes and skidded into the Lamberson car. Damage was estimated at \$200 to Ray's vehicle and \$400 to Lamberson's. State police brought "too fast for conditions" charges against Ray and Lamberson and both paid fines of \$10 and costs before Justice Whitman.

REVENGE IS COSTLY

WALLINGFORD, Conn. (AP)—Robert R. Nielson, 28, of Bridgeport, Conn., tried to patch things up with his former fiancée Sunday night. He failed.

So, police said, he went looking for vengeance on a source of his troubles.

He was arrested moments after he heaved a huge garbage can through a window of the jewelry store where he bought the engagement ring.

WILL QUESTION

(Continued From Page 1)

Feldman and the Andersons, asking the court to prevent the taking of depositions by the attorneys for the churches.

"MUST BE IN COURT"

Worley, Feldman and the Andersons held that until the churches filed their full complaint there was no action pending in the court. The court held that when the appeal was made from the probate of the will and the bond filed it brought the entire matter before the court and that "all further proceedings, including proceedings to dismiss the appeal, must be in this court."

The court then held that the "purpose of discovery proceedings" is to secure information "which will substantially aid in the preparation of pleadings. It is a contradiction in terms to say that the appellants must first file their pleading in the nature of a petition before they can have discovery to aid in the preparation of the pleadings."

OBJECTIONS OVERRULED

The court overruled objections of Feldman to being questioned on the grounds that he is one of the attorneys for Worley and "as such communications of a privileged nature would necessarily be involved," holding, "We do not agree that this is necessarily true and there are other methods by which Mr. Feldman may protect himself if the examination attempts to elicit privileged matters. We understand from the briefs that he is the one who actually prepared the will and therefore his testimony would be most important in any appeal from the probate thereof."

Noting that "the proponent contends that the notice of taking depositions was insufficient since it did not specify the extent or purpose of the depositions," the court held that since "the appellants have appealed from the probate of the will of Mr. Erb without being required at any time to indicate the basis of their appeal . . . we think that the persons to be examined on oral depositions should be advised in advance of the matters as to which they are to be examined and of the scope of that examination in order that they might be prepared. It will be so ordered."

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

ONE HUNDRED YEARS AGO

The plan of General Price, after he captured Lexington, was to remain for a time and operate on the north side of the river, and for this purpose, on Saturday, the 28th September, he crossed the river at Lexington with 4,000 mounted men, and this force took up their line of march for the railroad, with the view of its total destruction, and then have to be made among all government forces in Northwest Missouri. But late in the evening a rebel named Alfred Jones, who had been released as prisoner at the arsenal, where he had taken the oath of allegiance to the United States government, returned from St. Louis to Lexington and reported that the whole country was alive with troops; that Fremont was after Price, and that Price might prepare for a big fight in a few days. This seemed to raise the courage of Price's men, and they said let Fremont come, they were ready for him.

A Battle Expected: The city last night and today has been in a state of feverish excitement, in consequence of prevalent reports that the Rebels were thirty thousand strong, within four or five miles of our advanced guard at Lewinsville. Our troops from the Chain Bridge to Lewinsville were under arms nearly all of yesterday and today. The Pennsylvania Reserves, under Gen. McCall, are at Langley's, about four miles from the Chain Bridge.

Louisville: The evening News learns upon unquestionable authority, that Breckinridge, Preston Johnson, Desha Williams, Haws, Moore, and other Secession notables are organizing a large Rebel camp at Prestonburg, Floyd county. It says they have a force of 6,000 or 7,000 men now there, and are drilling them eight hours per day.

SEVENTY-FIVE YEARS AGO
Current News And Notes: The trouble in Bulgaria continues, with increasing danger of war. The Bellefonte glass-works were destroyed by fire on Sunday; loss \$50,000.

A fire in Punksutawney, Pa., on Saturday destroyed a number of business houses; loss \$165,000,000. Eastport, Maine, had a \$500,000 fire on Thursday, including ten factories employing 2,000 persons, now deprived of the means of support. Two hotels and 20 houses were also burnt.

Russia has gradually amassed a magnificent army, inclusive of her naval forces she has at her command fully 2,488,000 combatants.

There are increasing apprehensions of war in Europe over the constantly recurring "Eastern question." Russia is apparently preparing to re-open the struggle for the control of Constantinople, the Bulgarian trouble furnishing the opportunity. Germany and Austria are in a state of feverish uncertainty, and both are arming for possible contingencies. France has been restive ever since her disastrous war with Germany, and wants to recover Alsace and Lorraine. Italy is improving her armament, and English diplomats are very active at all the European courts. If Russia carries out the threats of invading Bulgaria, there is no knowing where hostilities may end.

The threatened lock-out of 25,000 operatives in the knit goods mills of New York, but for the serious results of employers and employees, has a ridiculous aspect. The trouble is all because a capable "roping boy" was promoted to "Jackspinner" in an Amsterdam mill.

Today's Talk

THE ABILITY TO APPRECIATE

Money can buy a piece of land, put a costly building upon it, landscape it with flowers, trees, and shrubbery and make it become a thing of beauty, but it can't put into the soul of the man himself the ability to appreciate it all.

We appreciate only the things which we have wrought out of ourselves.

I once knew a man who made over five million dollars over a period of two years, but I knew of no one who loved him. Undoubtedly he had lovely and appealing qualities but he had become so warped by his great success, even though much deserved, that his power to appreciate the sweet and simple beauties of life had dulled and he had lost the finer parts of his nature.

If a man gives his efforts over to the exclusive task of getting gold, how can he understand what is in the mine of a man's heart?

Contrast the power of him who has great wealth with him who has a vast store of knowledge, a deep appreciation of art and the beauties of literature and an understanding of the human heart in much which it longs and craves, and who has learned why birds sing and stars shine.

When a wealthy man buys a beautiful painting, the artist cannot transfer in the bill of sale a guarantee of appreciation on the part of the purchaser.

Appreciation is craved on every hand. Success is of no more value than a hollow sound without it.

Men have often given their lives for this very thing. But you couldn't buy appreciation. Like most common stocks it has no stated market value. Also, like common stocks, its payment in dividends is limited only by the amount of profit (appreciation) earned.

If you have the power to appreciate you have the power to do and rise to great heights. No one can tell. No one may know.

One way to be appreciated yourself is to appreciate others—and tell them that you do.

Tomorrow Mr. Adams will talk on the subject "Team Work"

BULB PLANTING TIME
Last night he said the dead were dead
And scoffed my faith to scorn.
I found him at a tulip bed
When I passed by at morn.

"Oho!" said I, "the frost is near
And mist is on the hills,
And yet I find you planting here
Tulips and daffodils."

"Tis time to plant them now,"
he said,
"If they shall bloom in spring."
"But every bulb," said I, "seems dead
And such an ugly thing."

"The pulse of life I cannot feel;
The skin is dried and brown.
Now look!" a bulk beneath my heel
I crushed and trampled down.

In anger then he said to me:
"You've killed a lovely thing.
A scarlet blossom that would be
Some morning in the spring."

"Last night a greater sin was mine,"
he said,
"You trampled on the dead of mine
And told me they are dead."

The Lions of Albright College scored three touchdowns in the second quarter and went on to defeat the winless Gettysburg Bullets 37-21 Saturday afternoon before 4,300 rain-soaked Father's Day fans at Memorial Field.

Many of the fans who were around for the opening kickoff were not on hand for the final gun and the rain fell continuously throughout the game. By winning Saturday's encounter, the Lions have now rolled to 16 consecutive wins without a setback over the last three years. They are 3-0 in the current season while Gettysburg has dropped all five of its contests.

An all-time Gettysburg College record was established with the defeat. It marked the first time in football history a Bullet team has lost as many as five straight in one season.

Albright capitalized on one of two chances in the opening minutes of play and went on to dominate the game in the first half. Following the intermission, the Bullets came back to score twice and held Albright to one more TD, but by this time the damage had already been done.

FUMBLE COSTLY
Sophomore Phil Parsons took the opening kickoff and moved to the Bullet 33 before fumbling and giving Albright its first chance. The Lions were stopped on Gettysburg's 24. After Rick Taylor carried for one yard, Parsons added seven more, but fumbled again and Senior Gary Chapman recovered for the visitors on the Gettysburg 32. After three short gains, Chapman hit Tom Olivo for 14 yards to the Gettysburg nine. Rees added one, Olivo picked up seven and Freshman fullback Dave Rees capped the short drive with a one-yard plunge for the score with 8:13 left in the quarter. Doug Deicke's placement attempt was blocked.

Gettysburg came back to score in the second period to take its first lead of the season. Tom Shreiner, 240-pound tackle, intercepted a Chapman pass and raced 27 yards to the three-yard line on the second play of the frame. Sophomore Bob Wolfgang then booted off right tackle for the score. Earl Little's high placement was good.

Following the kickoff, Albright moved 82 yards on 11 plays to take the lead for good. Chapman smashed over from the six and Deicke's run for the conversion was stopped. The Lions tallied two more TD's to take a 30-7 lead at half. With 4:44 remaining in the half Chapman booted over from the one and at 1:27, Doug Deicke took Don Carpenter's punt on his 15 and streaked up the far sidelines for 85 yards and the score. Both conversion attempts failed.

SHREINER AGAIN
Deicke fumbled the second-half kickoff on his own 37 where Tom Shreiner recovered. Gettysburg then drove the distance with Jack Norwood crashing over from the two. Little's run for the two points was stopped.

Gettysburg made it 30-21 with 10 seconds gone by in the final quarter. Quarterback Earl Little began clocking on his passes and moved the Bullets from their own 26 to the 18-yard line of Albright. Little again fired a pass to Rick Taylor who booted into the end zone. Little tossed to Taylor for the conversion.

With three minutes remaining in the game, Chapman fired an 11-yard aerial to Gary Sheeler.

Coeds, Temple In 1-1 Hockey Game
The Gettysburg College girls' field hockey team managed to hold the Temple girls to a 1-1 deadlock, Saturday morning on the Gettysburg field.

Miss Grace Kenney's Bullettes jumped to a quick 1-0 lead when little Carole Johnson rammed through the only Gettysburg goal in the first half. Following a tough battle the remainder of the first-half Temple came back in the second-half to knot the count on Joan Macanick's goal. The score remained in the tight deadlock up to the final whistle.

Gettysburg (1-1) will travel to Chambersburg on Wednesday to meet Wilson College. For the final Lion Score, Deicke kicked the only Albright extra point of the game.

Next Saturday Gettysburg will travel to Allentown to tangle with Muhlenberg on homecoming. This time something will have to give since Muhlenberg is also winless in four outings.

6 STATE TEAMS HAVE PERFECT GRID RECORDS

By THE ASSOCIATED PRESS
Villanova warmed up what may be its toughest test of the season with a 28-6 victory over Buffalo Saturday. The Wildcats, with five victories, top the state's dwindling list of undefeated and untied football teams. They meet tough Boston College next.

West Chester, a 51-20 winner over Clarion Friday night, Susquehanna, 28-24 came from behind to win over Wagner, and California, 47-7 winner over Shippensburg, each have won four straight without defeat.

Albright with 3-0, and Lebanon Valley and Allegheny, each 2-0, are the other perfect record teams. Albright extended the state's longest winning streak to 16 games, thumping winless Gettysburg 37-21. Lebanon Valley spotted Muhlenberg a touchdown before winning 11-6, while Allegheny blanked W. & J. 10-0.

PITTS FALLS

It was a sad as well as rainy Saturday for the state's major college teams. Pitt fell 20-6 to a West Virginia team winning its second straight after 18 consecutive defeats. Penn State was beaten by Army 10-6, and Penn, although making a surprising showing, lost to Princeton 9-3. A goal line pass interception in the fading seconds thwarted Penn.

Looking ahead, West Chester appears to have a soft touch in Kutztown net week; Albright faces tough Youngstown; California should be able to handle Slippery Rock; Susquehanna appears capable of defeating Western Maryland; Lebanon Valley may stub its toe at Moravian, and Allegheny has a rough assignment with Western Reserve.

OTHER GAMES

Other highlights the past weekend:
A recovered fumble helped Westminster defeat Geneva, 7-0; Rutgers scored three quick touchdowns and stood off a number of Bucknell challenges for a 21-6 win over the Bisons; Dickinson beat F. & M. 25-0 for its first win in a 36 game series; Haverford, winless in its last nine, held four touchdowns favorite Johns Hopkins to a scoreless tie; Lock Haven, trailing 7-6 with two minutes left to play, scored two TDs and beat Bloomsburg 18-7; Lafayette and Temple fought to a 12-12 standoff in the rain Saturday night.

ADVERTISE IN THE TIMES

Pitt Coach Is Hanged In Effigy

PITTSBURGH (AP)—When Pitt loses to West Virginia, you can bet that Pitt Coach John Michelosen will be hanged in effigy. At least that's what the record for the past two losses to the Mountaineers reveals.

The Panthers were upset Saturday 20-6 after being favored to beat West Virginia, their bitter rival, by 15 points.

Sunday, a dummy was found hanging from a flag pole on the Pitt campus. An attached sign said, "Take a hike, Mike." In 1959, Pitt was upset 23-15 by West Virginia. Three days later Michelosen was hanged in effigy, this time from a tall tree. As with the latest "hanging," was told to "take a hike."

Saturday's loss was Pitt's third in a row. The Panthers have one victory, that having come in the opener against Miami.

G-BURG WINS 3RD STRAIGHT SOCCER GAME

Three quick goals within 10 minutes of the second quarter gave Gettysburg a thrilling 5-2 win over the soccer forces of Wilkes College here Saturday morning before a large crowd.

Gettysburg, aiming for top honors in the Middle Atlantic Conference and headed towards one of the best records turned in by a Bullet team, made it three wins in a row without a setback.

All-American candidate King Gore saw limited action Saturday due to a leg injury, but his Bullet teammates came through with an excellent exhibition. Ray Truex got the ball rolling at the four-minute mark of the first period by ramming through a goal, assisted by Sophomore Dick Taylor. Wilkes knotted the count after the first 15 minutes when Bill Tobuba fired in an unassisted score.

STRONG RALLY

Gettysburg then turned the trick in the second quarter by sending in three goals. Dick Taylor landed an unassisted shot from the far right side of the field. Kerry Johnson followed with the next two, both assisted by 7 Taylor. Wilkes came back with its last score two minutes after the opening of the final frame. Bob Prusakowski rammed through an unassisted shot.

Ed Lucas added a security goal for the Bullets with four minutes remaining in the game when he connected on a long shot up the middle.

Gettysburg will put its clean slate on the line when Elizabethtown comes to town Wednesday afternoon. Elizabethtown is rated as one of the finest soccer teams in the area.

NOTRE DAME, SPARTANS TO BE KEY AFFAIR

By JIM HACKLEMAN

Associated Press Sports Writer
Don't go away... the fun's just started. A college football season already replete with its fair quota of excitement and surprises steams toward the midway point, picking up momentum like a sprung-loose fullback.

This Saturday's program, for example, offers a number of highlights. Notre Dame, returned to elite status in a hurry, takes on Michigan State in a meeting of all-winning teams. Texas carries its perfect record into Arkansas, where the giant-killing Razorbacks are waiting.

Mississippi's rebels, rated first nationally, play Tulane. Third-ranked Alabama meets Tennessee in another Southeastern Conference feature, and Iowa-Wisconsin and Ohio State-Northwestern top the Big Ten card.

IMPRESSIVE WINS

Michigan State and Notre Dame had impressive victories Saturday. The Spartans smothered Michigan 28-0 behind Pete Smith's smart quarterbacking. The Irish, eighth nationally, used 22 backs in rolling over and around Southern California 30-0.

Arkansas tripped ninth-ranked Baylor 23-13.

Texas' fourth-ranked Longhorns clouted Oklahoma for the fourth successive year, 28-7. Ole Miss, showing off its platoons of talent, crushed Houston 47-7. Pat Trammell guided 'Bama to its 26-7 victory over North Carolina State.

Iowa, second in the nation although riddled by injuries, managed a 27-8 decision over Indiana. Ohio State overwhelmed Illinois 44-0.

UPSET GAMES

In the upset category Saturday — Dick Heydt's placekicking proved Army's margin of victory in its 10-6 conquest of Penn State. California topped Washington 21-14. Two third quarter touchdowns by Roger Holdinsky enabled West Virginia to overcome Pitt 20-6.

Duke, Florida and Nebraska all suffered their first setbacks of the season. A second half surge carried Georgia Tech over Duke, 21-0. Rice came from behind twice for a 19-10 victory over Florida. Syracuse beat Nebraska 28-6.

Dartmouth remained undefeated, swamping Brown 34-0. The Indians have registered 92 points to three for the opposition in three starts.

New Teams Take Division Leads

HARRISBURG (AP) — Taylor Moosic headed the Northern Division and Hazleton was atop the Southern Division as the hot race in the Eastern Pennsylvania Interscholastic Football Conference swung into a new week today.

Hazleton replaced Mount Carmel as southern leader and Taylor Moosic regained the northern's top spot in standings released Sunday after last week's

Local Dogs Win Honors On Saturday

Three local hounds won honors at the Farmers' Beagle Club running grounds at Jacobus, York County, on Sunday.

Robies Recker and Hillside Saily Blue, owned by Leo McDermitt, 154 Hanover St., and handled by Ted Mickey, won second and fifth places, respectively, in the 15-inch class.

Dale's Patsy Ann, owned by Roy E. Zinn, 41 Hanover St., and handled by his grandson, David Schwenk, took third place in the 13-inch class.

RECORDS FALL IN MEET WON BY BULLETS

In one of the most thrilling cross-country races ever run on the Gettysburg course, Temple's Dave Vallen pushed across the finish line just two seconds ahead of the Bullet speedster Ed Salmon as both runners broke the previous course record of 22:25 minutes set last year by Jim Bartoli of Dickinson. Gettysburg picked up a pair of wins in Saturday's meet by downing Temple 27-28 and breezed past Albright 19-38 in a three-way meet on the country club course. Temple walloped Albright 14-40.

Both Vallen and Salmon took an early pace and continued to circle the course in that one-two order. Vallen came home in the record smashing time of 22:17 while Salmon crossed the line in 22:19. Salmon, in his attempt to break both the school and course record, exhibited excellent form and maintained a tremendous pace. The little guy from Harrisburg bettered his own school mark of 22:35 set earlier in the week against Susquehanna and Washington.

Jim Lombardi and John Wilkerson again gave Gettysburg the necessary points to pull the meet out of the fire. Lombardi covered the four-mile course in 23:04 while Wilkerson finished in 23:47.

The Bullet barriers have won their last four meets against the opening setback at the hands of Juniata. The Bullets will be looking for their fifth straight when they entertain Johns Hopkins Wednesday afternoon.

Matastar Declared Winner In Feature

WASHINGTON, Pa. (AP) — Matastar and Harlan Dean each won a heat in the 3-year-old colt trot on the concluding day of Grand Circuit harness races at nearby Arden Downs Saturday, but Matastar was declared the winner by virtue of his first-heat triumph.

Ordinarily a third heat would have been run to determine the winner, but a sudden rainfall washed it out.

Harry Pownall Sr. drove Matastar to a half-length victory in the first heat of the 3-year-old colt trot. Jimmy Arthur then came on to graph a 2½-length triumph with Harlan Dean, the Hambletonian winner, in the second heat.

In other competition Little Hostess won the 3-year-old filly trot; Lehigh Hanover took the 2-year-old colt pace; Spry Rodney captured the 2-year-old filly trot; and Porterhouse won the amateur trot.

May Issue Two Harness Licenses

HARRISBURG (AP)—One and possibly two applicants were reported in line to receive pari-mutuel track licenses at a meeting of Pennsylvania's three-man Harness Racing Commission today.

An authoritative source, who declined to be identified, said a license would definitely go to the Bucks County Racing Association headed by Daniel C. Parish, Pittsburgh contractor, and Arthur J. Rooney, owner of the Pittsburgh Steelers of the National Football League.

There also was a possibility, the source said, that a license would be issued to the Washington Trotting Association headed by Del Miller, Washington County horse breeder.

Issuance of the latter license could be put off until later, however, the informant added.

Commissioners Edward Kane of Newtown Square and Martin Cusick of Sharpsho, were expected to initiate action to approve the license for Parish and Rooney.

Commission Chairman L. B. Sheppard of Hanover previously

Old Forge, still unscathed upon, jumped from fourth to second place in the same division.

PACKERS RACK BROWNS 49-17; TAYLOR STARS

By JACK CLARY

Associated Press Sports Writer
Jim Taylor won his head-to-head duel with Jimmy Brown, and there won't be many dissenting opinions today as to who is the best fullback in the National Football League.

Taylor scored four touchdowns, picked up 145 yards and stretched his lead as the NFL's leading ground gainer as he led the Green Bay Packers to a 49-17 beating of the Cleveland Browns Sunday.

Brown, who has been undisputed king of the NFL rushers the past four years, didn't score and gained only 72 yards in 16 tries. He has now gained 387 yards in 96 carries, while Taylor has rolled up 581 in 81 tries.

KILMER ALSO STARS

But as much as the former Louisiana State star meant to Green Bay, Bill Kilmer did just as much for the San Francisco 49ers, also scoring four times in a 36-24 slugfest over the Minnesota Vikings. The Packers and 49ers are tied for the Western Conference lead with 4-1 records.

New York and Philadelphia are deadlocked for the lead in the East after the Giants routed Dallas 31-10 and Philadelphia won over St. Louis 20-7. Both

Executive Stock Ownership Is Question For Stockholders

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—Is a company better managed if its officers lay their own money on the line by owning stock in it?

That is a favorite topic raised by stockholders at annual meetings. It also presumably is discussed at some boards of directors meetings. Stock traders also keep an eye on sales or new purchases by management, regarding it as a possible sign of how much confidence they may have in the company's future.

In practice, ownership of their own company's stock by executives runs all the way from none to 85 per cent or more. Changes in such ownership through sale or purchase are reported by listed companies to stock exchanges and government regulatory agencies.

MORE PERSONAL INTEREST

The point that nonmanagement stockholders raise the most is: Officers and directors should own some stock because that insures they'll take a more personal interest in its affairs.

Defenders of small stock holdings by management, or none at all, usually cite: Officers and directors should be named for what they can do for the firm, without regard to the extra incentive of personal gain.

The gain could come through increased dividends, which as directors they might vote; or increased market price of shares, which as insiders they may be in position to influence.

To see how much management holdings come to in companies on the Big Board the New York Stock Exchange turned to Standard & Poor's Listed Stock Reports. A sampling of 245 listed companies, about one-fourth of all companies whose shares are traded on the exchange, shows:

OWNS 50% SHARES

Management owns 50 per cent or more of the stock in 35 of the companies. The largest share was 85 per cent in MCA, Inc., which among other things produces TV series.

In 25 other companies the management ownership is from 40 through 49 per cent; in 40 it is 30 to 39 per cent; in 57 companies 20 to 29 per cent; in 76 the range is 10 to 19 per cent; and in remain-

ing 12 less than 10 per cent. The sampling contains no companies without any management share ownership.

Percentage of management share ownership can be affected by many other things than confidence in, or personal interest in, the company itself. The Exchange magazine notes that an executive may own a large block of stock in a giant corporation and still be a relatively small holder, percentage-wise.

Thus in large companies with huge amounts of outstanding stock, the total of management's ownership may come to a tidy dollar figure, although the percentage seems small.

OTHER REASONS

The Exchange also notes that changes in percentage of ownership may occur for other reasons than evaluations of the company's future. It cites as an example: "In the case of older companies which might at one time have been family controlled, ownership may have become more widespread over the years."

But in the 245 companies it studies, management ownership of thirds or more includes: Getty Oil, Northwestern Steel & Wire, The Great Atlantic & Pacific Tea Co., Hershey Chocolate, Lykes Bros. Steamship, Transiron Electronic, Welbilt Corp., and the Cuneo Press.

And the 12 with ownership under 10 per cent include: Wilson-Jones, Dover Corp., Gulf Oil, Continental Copper & Steel Industries, Textron, Tung-Sol Electric, Van Raalte, Celanese, Gardner-Denver, General Tire & Rubber, Simplicity Pattern, and Brown Shoe.

STRETCHING THINGS TOO FAR.
A lovely writes: The girls in my crowd all wear stretch pants for casual occasions. I would like to join the group, but

it seems to be stretching things too far. Thigh trouble—too heavy! What's the quickest trimmer?

The answer: Unless a damsel is generally overweight, exercise solves the problem. Otherwise it is necessary to combine diet with workouts.

A speedy spot reducing routine for the thigh follows: 1. Lie back down on floor, with arms out at shoulder level; bend knees until soles of feet rest on floor. Now swing legs from side to side, so that outer sides of thighs alternately slap against floor. Repeat

Soviet Economic Progress May Be Stymied By Military

EDITOR'S NOTE — Nikita Khrushchev has been advertising a more abundant life for the Soviet people but, AP News Analyst William L. Ryan reports in the following story, the Soviet military machine may be standing in the way of such a future. It may

26 times daily. Throughout, be sure to keep leg muscles so relaxed that insides of legs slap with each change in direction.

2. Turn on tummy, touch heels to hips, and alternately "pummel" thighs against floor.

Other than a slim legline, several dodges render stretch pants more becoming. The first is one-way stretch fabric. It stretches down, but not around. The advantages of pants made of it are obvious, and they are now available.

The second artifice is a spandex girdle—long-legged, right down to the knee. The holding power is terrific, one that even a near-perfect leg could use in a stretch situation.

LEGLINE TRIMMERS

If your individual problem is heavy legs, send for my new leaflet, LEGLINE TRIMMERS, which contains spot reducing exercises that will meet your individual needs, whether for thighs, knees, calves or ankles, or for contouring your entire legline. Write me: A Lovelier You, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a stamped, self-addressed envelope and five cents in coin to cover handling.

come into the open at the Soviet Communist party congress opening in Moscow next week.

By WILLIAM L. RYAN
Associated Press News Analyst

The bulky shadow of the Soviet military will hover about the 22nd Soviet Communist congress this week as it takes up a draft economic program advertised as heralding an abundant life for Soviet people within 20 years.

There are signs that the military has placed roadblocks in the path of the program, which the Communists call a "charter for humanity" and a prospective "fatal blow" to the Western way of life.

Nikita Khrushchev, the premier and party chief, himself a man with a long record as a political rather than a career general, has put up an extremely tough front for the past year.

HAST VAST POWER

Only recently, according to reliable sources, Khrushchev let the West know indirectly that he espouses vast military power and the use of that power for the aggrandizement of his own nation. Power, he is reported to have said bluntly, exists to be used and he would feel himself derelict if he did not use it.

Some of his remarks in private to visiting envoys are said to have been hair-raising. He is reported to have said, for example, that the United States has been accustomed to an urban and industrial civilization for many years while the U.S.S.R. has been out of its agrarian economy only for 40. Therefore, he is represented as saying, the Russians have

far less to fear from the threat of nuclear war than the Americans, who would have a much more difficult time readjusting themselves to a more primitive way of life after the holocaust.

LIKE RED CHINA

That sounds more like belligerent Red Chinese talk than the way Khrushchev himself appeared to feel not long ago. It all leads to suspicion that Khrushchev himself is on a tightrope and that the Berlin war scare was a necessary one for him, dictated by urgent needs to release pressures from the career military and the Stalinists.

Only a year ago this summer, when I was in Moscow, the Khrushchev plan to demobilize 250,000 officers and hundreds of thousands of men from a top-heavy conventional armed force was being heavily propagandized. The manpower and investment instead were to go into grandiose programs for opening new lands, building villages and towns, developing vast undeveloped areas of the U.S.S.R.

Indications are that the officers didn't buy it. When the war scare was generated by Moscow through the Berlin crisis, the excuse existed for revoking demobilization orders, for beefing up conventional forces all over again, for carrying out a long series of nuclear weapons tests.

Frame. Driveshaft. Radiator. Hood. Why buy gas for this load? Volkswagen owners don't. Volkswagen doesn't make trucks this way. The VW engine is in the rear. No heavy driveshaft. No \$100 replacement in case of repairs. Our engine is air-cooled. No water. No antifreeze. No radiator. Okay, but—no frame? No frame. Volkswagen uses a welded, unitized construction. Instead of bolting the body together, Volkswagen welds it into one piece. (13,000 welds per truck.) Result: a solid hunk of steel. That's one reason why we carry 830 pounds more than a half-ton. On half the gas. For years and years.

MARKET IS KEY TO FUTURE OF PA. FORESTS

HARRISBURG (AP)—Pennsylvania's agricultural economy of the future could well center on its expanding forest industries.

The key to a forest-related agricultural economy—just as for other commodities—is the market. And Pennsylvania is close to the great eastern outlets.

But between the retail outlets and the producer are the processors of wood products. Pennsylvania is not a major center of wood-processing industries.

PRODUCTION PINCHED

Consequently, the state's forest production is pinched at the middleman level, pending expansion of facilities. Pennsylvania forests, which cover 52.7 per cent of the land area, are growing far more wood than is being removed for use or lost to natural causes.

Because of the increasing national and state demand for wood products—both on a per capita and a population growth basis—expansion of the forest products economy seems inevitable, said

George F. Patterson, Wellsboro, chairman of the Pennsylvania forest industries committee and a commercial lumberman.

A survey of the state's forest economy indicated 137 per cent more wood is grown each year than is being cut or lost. Timber growth is an estimated 677 million cubic feet a year in trees five inches in diameter or larger, but only 154.2 million cubic feet are cut for use. Ninety-six million cubic feet more are lost to fire, insects and disease.

ANNUAL SURPLUS

Thus there is an annual net surplus of 226.8 million cubic feet.

The state's forest industry finds itself in the position of the two other major agricultural industries—dairy and poultry—by being overproduced.

But there is one dramatic difference between the woods and the dairy or poultry producer—a tree is not a perishable commodity for practical purposes. Many farmers are taking that into account. The result has been a tremendous expansion of Christmas tree production and a less spectacular expansion of Christmas tree production and a less spectacular expansion of saw timber acreage. Pennsylvania is the number one producer of plantation-grown Christmas trees.

The forest industry is not some-

LIST SPEAKER FOR PTA MEET TUESDAY NIGHT

William O. Shuman, Chambersburg, treasurer of Franklin County, will be the guest speaker at the monthly meeting of the Littlestown Joint Parent-Teacher Association on Tuesday at 8 p.m. in the general purpose room of the Rolling Acres Elementary School. Mr. Shuman has served as chaplain for veterans organizations on local, district, state and national levels; he is active in church work and youth work, having served as canteen director for eight years and a Boy Scout leader for 15 years. The speaker, who was secured by Ralph R. Ruggles, chairman of the program committee for October, will have as his subject "Elementary School Studies for 'Free' Living." The current membership drive for the PTA will conclude on Tuesday.

TO PLAN BAZAAR

Rev. Dr. John E. Metz, pastor of St. Aloysius Catholic Church, announced at the Sunday morning Masses that there will be a parish meeting Wednesday, October 25, at 8 p.m. in the parish hall, to formulate plans for the annual three-day Thanksgiving bazaar and supper. All members of the congregation will be able to assist, especially those who have previously served on bazaar committees, are expected to attend this meeting.

An offering for special diocesan assessments was received at the Masses Sunday. Daily Mass this week will be at 7:15 a.m. in the

thing new in Pennsylvania, of course. During most of the 19th century this state was the nation's leading timber producer.

LOST THE LEAD

Bad cutting practices all but wrecked the timber lands, however. Only an all-out conservation effort has replaced some of the lost growth.

After leading for decades, Pennsylvania dropped to fourth place among the states in lumber production by 1900. By 1940 it had fallen to 22nd. It has moved up to 16th since then, despite growing lumber industries in the Midwest, far west and south.

Economists feel the only reason this state does not move back into prominence in the industry is the lack of processing facilities for cut timber, especially since Pennsylvania is a leader in the production of quality hardwoods—the types used for furniture—cherry, ash and maple.

convent chapel, except Wednesday, when there will be no Mass, and Saturday when it will be at 7:30 a.m.

Mrs. Edwin J. Killalea, Gettysburg, will be the guest speaker at the monthly meeting of St. Aloysius Parish Council of Catholic Women at 7:45 p.m. on Wednesday in the all purpose room of the school. Mrs. Killalea, past president of the Conewago Deanery, will speak on her recent trip to Europe and show slides. Members of St. Joseph's Parish Council, Bonneauville, will be guests. Mrs. Paul E. Altoff, parish publicity chairman, is chairman of the evening's committee, which also includes Mrs. Edward G. Loeffel, Mrs. Elsie McCall, Mrs. John T. D. Mrs. Robert Bevenour, Mrs. William H. Anthony, Mrs. Philip Redding, Mrs. James Showmaker and Mrs. Albert Kuhn.

Girl Scout Troop 777 will meet at 3:45 p.m. on Tuesday at the engine house, as announced by the leaders, Mrs. Chester S. Byers, Mrs. L. Robert Snyder and Mrs. Clarence J. Krichen Jr.

Steelers Out Of Cellar In NFL

PITTSBURGH (AP)—The Pittsburgh Steelers have climbed out of the cellar of the National Football League's Eastern Division and they tied a club record for pass interceptions in a single game in the process.

The Steelers, hauling down six enemy aerials, captured their first victory of the season Sunday by upending the winless Washington Redskins, 20-0.

The interceptions tied a club mark set in 1935 and the shutout was the first recorded by the Steelers since they blanked Philadelphia in 1939.

The Steelers clinched the victory with 17 points in the first quarter. End Lou Michaels intercepted a Redskins pass and rammed 30 yards to the Washington 10. The touchdown came on an eight-yard pass from Rudy Bukich to Preston Carpenter.

Hardly had the chilled crowd of 15,072, smallest Forbes Field turnout in at least a decade, had hardly settled back before the Steelers were in scoring position again. On the first play following the kickoff Joe Krupa pounced on a fumble on the Washington 23. On the net play Bukich hit Buddy Dial with a pass for six points.

and children in memory of Mr. Myers and Mr. Fuhrman. Bulletin sponsors should contact Lester L. Hilker. Next Sunday will be the deadline for placing orders for the birthday and anniversary calendars with any member of the choir.

Homewood Auxiliary dues are now payable to Mrs. Irvin C. Markle or Miss Cora R. Diehl. The public is invited to attend the annual home-coming service at the McDowell Unit of Homewood, Hanover, next Sunday at 3 p.m. The state Sabbath School convention will be held at St. Matthew's Lutheran Church, York, October 19-21, with various sessions in nearby church; topic, "In Christ We Grow," and the time will be at 9 a.m., 2 p.m. and 7:15 p.m. The fall meeting of the Nevin Regional Women's from 9:30 a.m. to 3 p.m. in St. Guild will be held Wednesday Paul's Red Run Church, near East Berlin. Each lady is requested to take a box lunch.
